

Stand up with CABIA to tell the Legislators, the Attorneys, the Lobbyists, the Lawmakers, and everyone involved in creating this "Legal To Extort Millions" California business environment that enough is enough. Let's fight to change these laws as they currently are!

We are asking \$1,500 annually to become a member of CABIA and plan on using funds for future meetings, to educate our legislators, employers, and employees on PAGA, Labor Laws, and Workers' Compensation Law.
